

An abstract, expressive painting featuring a large, detailed eye with a black pupil and white sclera, looking directly at the viewer. The eye is surrounded by vibrant, swirling colors of red, orange, and pink. A green leafy plant with a small blue flower grows from the center of the composition. To the right, there are more red and orange floral or leaf-like shapes, some with yellow outlines. The overall style is bold and graphic, with thick brushstrokes and a rich color palette.
